

TO CONNECT THE PACIFIC ROADS

Plan to Join Harriman Lines North With Those in South.

APPLICATION IS MADE IN KANSAS FOR CHARTER

New Road Will Be Chartered Under Name of Denver, Kansas & Gulf.

TOPEKA, Kan., Aug. 15.—Application was made today for a charter for a railroad company, the purpose of which is to connect the Harriman railroads in the northwestern part of the United States with the Harriman lines running to New Orleans and through Southeastern States.

The new railroad will run through the Kansas wheat belt, and is chartered under the name of the Denver, Kansas & Gulf. The capital stock of the company is \$2,000,000, \$500,000 of which has been subscribed.

The new railroad will connect with the Burlington lines on the north, either at Oronoque in Norton county, Kan., or Republican Junction, in Harlan county, Neb. It will run south from one of these places to Hayes City, Kan., and then through Great Bend to Larned to Pratt, and out of the State at Kiowa. At Cherokee, Okla., it will connect with the Denver, Elid & Gulf, a few miles of which is in operation. It will run east from Oklahoma City to Texas, where it will connect with the Southern Pacific. The headquarters of the new company will be in Medicine Lodge, Kan.

The incorporators of the company are: Breckenridge Jones of St. Louis, Mo., who owns 500 shares of the stock; Ed L. Peckham of Blackwell, Okla., who owns 500 shares, and the following persons, who own one share each: J. J. Cunningham, Ed. Okla.; C. J. Rhodes, Medicine Lodge; W. C. Robinson, Winfield; C. G. Chandler, Medicine Lodge; and Milton Brown, Topeka. The purpose of the company as set forth in the application will permit the new company to run feeders through nearly every county in the wheat belt. The estimated length of the main line is 300 miles.

IN THE SIERRAS.

Booklet Just Issued Showing Picturesque Portion of Range.

The Southern Pacific has issued a new booklet descriptive and illustrative of a magnificent picturesque portion of the high Sierra, and it is one of the best of its kind. The booklet is a beautiful tourist, but now rendered easy of access. The State of California has shown its interest in this remarkable region by appropriating \$50,000 for a highway from the Gen. Grant National park to the Kings river canyon. The booklet includes a description of the Giant Forest and is superbly illustrated by reproductions of recent photographs and maps by Prof. J. N. LeConte.

Month's Delay Granted.

CHICAGO, Aug. 15.—Attorneys for the eighteen railroad companies twice made defendants in suits filed in the United States Circuit court by District Attorney C. B. Morrison, for the Interstate Commerce commission, went before Judge S. H. Betts today, and succeeded in getting almost a month's delay in final action in the Circuit court.

Railroad Notes.

R. O. Keyes and wife and her niece, Miss South, left yesterday for a trip to Red Fish lake in Idaho to be gone a couple of weeks.

The San Pedro officials are looking forward with no small degree of satisfaction to the removal of their office to the new Herald building on Main street.

Preparations are being made by the Short Line passenger department for the handling of the Ogden-Tahoe excursion which starts for Portland Friday. The choir will have a train of 11 cars and the excursion is given that the singers will travel in all style and comfort.

General Manager R. E. Wells of the S. P. L. A. & S. L., who has been on a tour of inspection over the line, started back to Los Angeles yesterday morning. He was accompanied in his private car by C. W. Whittier of the American Smelting & Refining company.

Breast Drake of the Rock Island is spending a week in Idaho.

WALCOTT REPLIES TO CHARGES OF "GRAFT"

Fraction of Mining World Stock Taken Purely as a Private Matter.

WASHINGTON, Aug. 15.—In response to published charges that officials of the United States geological survey have used information belonging to the Government for the benefit of the Mining World, a magazine in which certain members were said to hold stock, Director Charles D. Walcott today telegraphed to Acting Director H. C. Rizer for an explanation from Edmund Mont, where he is in camp. The explanation follows:

Does Not Control World.

Mail and newspaper clippings were received by me in camp August 11th. The geological survey or its members have and do not own or control the Mining World. No information has been sold or given in advance of general publication to any journal or individual to my knowledge. The request to nominate competent writers for the Mining World made to Dr. Rizer for the purpose of making a first-class mining journal was approved by the director, subject to the survey regulation that all other journals in all matters pertaining to the survey.

Some Took Stock.

A fraction of the stock of the Mining World was subscribed for as a purely private matter by some members of the survey. Popular articles based on technical papers first published by the survey have been written by the director, whether written by members of the survey or others.

Invites Criticism.

All information and illustrations are as free to the outside as to the survey members. The director has the most cordial relations with the editor of the Mining Engineering journal, and has no objection to the publication of any articles by members of the survey. If any one has evidence of wrong-doing in the survey, the director asks that it be sent to the President, the Secretary of the Interior, the chairman of the committee appointed by the President, or to the director.

ORGAN GRINDERS WEALTHY

"Very Poor," but Had Bank Account of Seven Thousand.

NEW YORK, Aug. 15.—Detective Hunter of the Tenderloin station yesterday arrested Giuseppe Mazzeo and his wife, Villa, of No. 20 Baxter street, at Twenty-eighth street and Sixth avenue yesterday morning for playing a hand organ without a license. They told Hunter that they were too poor to get a license, but when Mrs. Mazzeo was searched, she was found to have \$700 on her. The organ grinder and his wife were searched before Magistrate Vahle in the Jefferson Market Police Court.

"Why don't you get a license?" asked the Magistrate.

"No verra poor. Gotta no money," said the organ grinder.

"What?" said the Magistrate. "No money, and you have \$700 in the bank?"

The organ grinder put his hand on the shoulder of his wife and explained that the money was for later on in Italy, but not for this country. The Magistrate fined them \$1 each.

MRS. PECKHAM INNOCENT

Call Before Grand Jury Due to a Misunderstanding.

WASHINGTON, Aug. 15.—This afternoon the District Attorney, in response to many inquiries by the press as to the appearance of Mrs. Sarah H. Peckham before the grand jury, made the following statement:

"Mrs. Sarah H. Peckham appeared in response to the subpoena served on her in New York, and was examined by the District Attorney. She was willing to appear before the grand jury if necessary, but the District Attorney concluded from his interview with her she was not connected with the so-called cotton leak, and was excused from attendance before that body.

"It is only just to Mrs. Peckham to say that from her statement she was ignorant of the matter, and the revelations made in connection with it were not due to her. She was a conscientious difference in her household. So much notoriety has surrounded her in connection with the case that it seems only just to her and her friends that this statement should be made."

CONGRESS MAKES DEMANDS

What Union of Peasants Wants Anent the Assembly.

MOSCOW, Aug. 15.—A congress of the Union of Peasants, attended by delegates from twenty-two Governments, now in session here, has passed resolutions demanding among other things, that the national representatives in the projected Assembly shall be elected by universal suffrage, that the constituent legislative and to control the national finances, that the system of peasant proprietorship shall be established by the handing over to the people of the State domains and the land belonging to the monasteries and other religious institutions, that free education shall be obligatory and that the schools shall be secularized.

Charges Filed Against Taggart.

WASHINGTON, Aug. 15.—It is now stated at the War department that charges were filed there last April against Maj. Taggart, who is suing his wife for divorce in Ohio, but no action has been taken on the charges, nor will anything be done until the termination of the present suit. The charges relate to matters out of which the divorce has grown. Taggart also filed charges against Col. Miner some time ago, but they were considered trivial and were dismissed.

CAR LINES MUST COME TO TIME

Interstate Commerce Commission Starts Independent Investigation.

RAILROADS AND PRIVATE CAR LINES COMBINE

Charges Pour in on Commission of Discrimination Against Small Shippers.

WASHINGTON, Aug. 15.—The Interstate Commerce commission, on its own initiative and as a result of complaints against private car lines, today unexpectedly began an investigation of the relations of railroad and refrigerator lines, both of which, it is charged, are violating the act regulating interstate commerce.

Discriminations Alleged.

The railroads and refrigerator lines are made respondents in proceedings which require that specific answers to allegations be made to the Interstate Commerce commission by September 5. It is charged that by way of rebates or other devices, the refrigerator lines are acting for the railroads as authorized agents, and the railroads, acting through the refrigerator lines, are collecting and receiving for the refrigeration of fruit and vegetables lower rates from some shippers than they are contemporaneously receiving for similar service rendered to other shippers. This is held to be in violation of sections 2 and 3 of the act to regulate interstate commerce.

Another charge is that failure and neglect to publish at shipping stations and file with the Interstate Commerce commission the rates and charges imposed for the refrigeration of fruits and vegetables constitutes a violation of section 5 of the interstate commerce act.

Joint Charges Unreasonable.

The commission alleges further that the charges published jointly by the refrigerator lines and the railroads for the refrigeration of fruits in certain specified territories are unreasonable and unjust and in violation of section 1. The territories described include Idaho Territory, Texas, California and Kansas.

Complaints against the private car lines extend over the entire life of the first act to regulate interstate commerce and all acts amendatory thereto. Hearings have been had in various sections of the country and not infrequently have charges been made for the announced purpose of remedying alleged abuses.

Combinations of railroads and private car lines have prevented any wholesale regulation of these rates. Charges of discrimination against small shippers have poured in on the commission for a number of years.

NOT BRAINS OF NATION

Claims of Polish Clergy Are Not Borne Out.

DETROIT, Mich., Aug. 15.—Archbishop Francis Albin Symon, personal representative of Pope Pius X., has been a guest of Bishop Foley and the Polish Catholic clergy of Detroit for several days. It was reported that the purpose of his tour of America was to investigate the claims of the Polish clergy for representation in the hierarchy of the Roman Catholic church. In an interview Archbishop Symon said:

"The information sought is as to whether the average intelligence of the Polish Catholics of America warrants a representation in the hierarchy. And in this respect I must say I have looked for it everywhere and found very little—almost nothing. The Polish immigrants in the country are recruited from the humblest walks of life—laborers, farmers, artisans. They are all good, pious, God-fearing people, but they are not the brains of our nation."

Reno to Fave Streets.

RENO, Nev., Aug. 15.—The Harbor Asphalt paving company has been awarded the contract for paving the streets of Reno. Several California firms competed for the work. The contract represents about \$75,000 worth of work to be done here on the streets within the next two years.

BECOMING A MOTHER

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of **MOTHER'S FRIEND** during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does **MOTHER'S FRIEND** carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period. Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.
